

*Martin Martinez Hosts Preview Party for  
VID's and Luxury Real Estate Brokers*

# M INTERIORS HOSTS GRAND OPENING OF "THE PLACE" ON SOUTH BEACH

**M**artin Martinez, owner of M Interiors played host to over 60 of SOBE's VIP's and residential real estate brokers during the cocktail reception grand opening of M Interiors' first South Florida showcase, "The Place" at Murano at Portofino (Town house #9) on 1000 South Pointe Drive in South Beach.

As the guests arrived amid a candlelight entryway, they were greeted with sour apple martini's and cosmopolitans plus an exotic selection of hors 'd oeuvres. Guests toured the town home which featured a front terrace, full kitchen, living / dining room, master bedroom & bath, office corridor and powder room.

While most designers either have offices or factories, Martinez has chosen to demonstrate his design style in a prominent location with hi-end clientele, by designing a Murano at Portofino townhouse. "I adapt my creative style to each of my client's specific needs, individual style and of course location," said Martinez. "What a way to show your work, by providing my clients a model home instead of a typical office setting," said Martinez.

Originally from Montevideo, Uruguay Martinez has over 10 years of design experience in Miami, New York and Los Angeles. Since 1993 M Interiors has completed homes and developer's model homes beyond the client's expectations. His work extends throughout the Westchester, NY and Philadelphia areas including the communities of Doylestown, Montgomeryville and Landsdale. Recent design projects by Martinez include Miami Beach, Los Angeles and Ft. Myers. With his strong knowledge in all aspects of design and architecture, Martinez offers his clientele a "complete package" of interior design.

Martinez considers himself a classical designer with an eclectic twist. Each design is reflective of each client and their individuality. A graduated of New York's Parsons School of Design and Fashion Institute of Technology (F.I.T.), Martinez has a passion for design which comes from the heart.
